Casoria, Napoli (Italia)

Profile

Android and Web Developer and Project Manager at Lakeba Corporation PTY Ltd, where I deal with management, planning and coordination of work and teams with ease.

Education

Student in Computer Science at "Parthenope" University, Naples; 2010 - now
Student in Mathematics, Physics and Natural Sciences at "Federico II" University, Naples; 2008 - 2010
High School Graduation (Vote: 85/100) at "Gandhi" High School, Naples; 2008

Experience

Developer and Project Manager, Lakeba Corp. PTY Ltd; Sept. 2013 - now
Hired during 2013, now I work as Android and Web Developer, mainly.
I manage the coordination and the synchronization between Italian, Indian and Australian teams in the company; I also take care about structuring architectures and database models.

Google I/O Extended, "Parthenope" University, Naples; May 2013
During the project exposing session, I submitted an Android project designed to manage and reduce queues.
I also attended an Hackathon, winning the competition and then taking part in a national University Hackathon with my team.

Collaboration with "Parthenope" University, Naples; Sept. 2012 - Febr. 2013
I participated in the organization of the SDS 2013 (Annual Symposium for Sustainable Development) event, dealing with website structuring and development, and the three days conference video streaming.

Devfest + Hackathon, "Parthenope" University, Naples; December 2012
I attended the Devfest and Hackathon event organized by GDG Campania, competing for the Hackathon and winning it with my team.

Collaboration with "Parthenope" University, Naples; September - December 2012
I took care about the installation, configuration and maintenance of ORSA (Osservatorio Regionale Sicurezza Alimentare) servers and website, under the supervision of professor Raffaele Montella.

Skills

Languages

Aside of Italian, my native language, I have a considerable mastery in speaking and writing in English, and I studied at Uxbridge College, London, for two weeks during June/July 2005, achieving a certificate.

I also speak Spanish at beginner level.

Computer Skills

As a developer, I have an excellent knowledge about programming languages, such as Java, Python, PHP, Javascript/Jquery.

I have a remarkable experience in Web Development, both client side and server side, and in Mobile Development, using Android Framework.

I am comfortable with databases structuring and related languages as MySQL/SQL and PL/SQL.

I have a thorough knowledge of mainly used OSs, like OSX, Microsoft Windows and Linux, and I am really comfortable with Microsoft Office suite.

Interests outside work

I have a great passion and interest in music. I am a guitarist in a progressive rock oriented band, which plays in the clubs around the city.

I have a good experience in audio editing with Logic Pro, recording some tracks with my band.
